

RELIABLE SOLUTIONS
FOR PLASTICS FABRICATION

WELDY EX2

Extrusion Welding Machine

The Weldy EX2 is a compact, durable extrusion, welding machine designed for demanding plastic fabrication and geomembrane work. Delivering reliable performance, it is ideal for tank construction, waterproofing, and industrial applications where high-quality, consistent welds are essential.

KEY FEATURES

-  Motor protection with optical display
-  Double-sided wire feed
-  Rotating handle
-  360° rotating welding shoes
-  Additional handle that fits onto the side

COMPATIBLE WELDING SHOES

Basic welding shoe,
complete

Welding shoe kit
UBL30/1.5

Welding shoe fillet weld
K8/10

Welding shoe V-weld
V12-X25

A RANGE OF WELDING SHOES FOR DIVERSE APPLICATIONS

APPLICATIONS

VERSATILE SOLUTIONS FOR DEMANDING PROJECTS
